

NEBOSH National Certificate in Environmental Management

This programme is designed for managers, supervisors and employees who have responsibility for managing environmental issues as part of their work. The course focuses on assessing environmental management systems with reference to UK Legislation and will benefit companies in all sectors who are seeking to manage environmental risk.

I'm Steve Simmons the Programme Manager for our NEBOSH Certificate in Environmental Management. In the first instance speak to a member of our sales and marketing team and should you need any further advice and support they will arrange for me to contact you and discuss the course in greater depth.

Five day programme

The five day programme will replace our IOSH Managing Environmental Responsibilities with a qualification assessed at level 3 within the National Qualifications Framework. The taught course ends with a formal examination (NEC1) and a practical application project (NEC2) to be completed on your return to work.

Course Content

- Foundations in environmental management
- Environmental management systems
- Environmental impact assessments
- Control of emissions to air
- Control of contamination of water resources
- Control of waste and land use
