

the **key** consultancy limited

In-company training

CITB-ConstructionSkills Site Management Safety Training Scheme (SMSTS)

Delivered in conjunction with our strategic construction training partner The Health and Safety Service Limited.

Who should attend

This 5 day course is intended for project managers, site managers and supervisors. Client-based personnel would also benefit from attending the course. Possession of this qualification is listed in the Approved Code of Practice for the Construction (Design and Management) (CDM) Regulations as a demonstration of competence in the role of site manager.

Aims

To give an understanding of delegates' responsibilities and accountability for site safety, health and welfare, current health and safety legislation.

This industry-recognised course is ideal for companies who need to meet the ever-increasing demand for evidence of sound health and safety management on site. Course fees include the ConstructionSkills publication Construction Site Safety – Health, Safety and Environmental Information Manual (GE700) as well as other course materials.

Successful participants receive the ConstructionSkills Site Safety Plus certificate which is valid for 5 years.

Programme summary

Health and Safety at Work Act
CDM Regulations 2007
