In-company Training

Slinging and Lifting Awareness

Aims

The aim of this course is to ensure that delegates are aware of their legal duties with regard to slinging and lifting operations, and provide them with practical knowledge to carry out basic lifting operations safely.

Objectives

At the end of this course delegates should be able to:

- Outline the legal requirements as they relate to lifting equipment
- State the uses and limitations of lifting accessories
- Outline safe slinging techniques
- Identify faults on lifting accessories during pre-use checks
- Use correct hand signals during lifting operations
- Demonstrate correct attachment of lifting accessories to a load

Programme

Introduction

Lifting Operations and Lifting Equipment Regs 1998
The role of risk assessment
